MEMORANDUM FOR: Director of Training and Education

FROM: M. Corley Wonus  
Director of SIGINT Operations

SUBJECT: Request for Consulting Service

1. The Office of SIGINT Operations is currently planning for a commercial multi-media production company to produce an unclassified recruitment video to be shown to potential OSO applicants.

2. A panel of OSO employees has been selected to monitor this production. We feel it is important for us to have an expert in the multi-media video field whom our panel members can consult. We therefore request that, if at all possible, someone from your office be identified to assist us on this project. We estimate this person would have to spend a maximum of only one hour per week over the next six to eight months in assisting us.

3. Your support of this effort would be greatly appreciated. Should you require further information, please contact
